INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/JP2005/002867

Box	No. I	I Basis of the report			
1.		th regard to the language, this report is based on the intericated under this item.	national application in the language in	which it was filed, unless otherwise	
	This report is based on translations from the original language into the following language which is the language of a translation furnished for the purposes of:				
		international search (Rule 12.3 and 23.1(b))			
		publication of the international application (Rule	12.4)		
		international preliminary examination (Rule 55.2	and/or 55.3)		
2.	rece	th regard to the elements of the international application, eiving Office in response to an invitation under Article I report):			
		the international application as originally filed/furnishe	ed		
	M	the description:			
		pages <u>1-29</u>		as originally filed/furnished	
		pages*	received by this Authority on		
		pages*	received by this Authority on		
	\boxtimes	the claims:			
		nos. 6-10		as originally filed/furnished	
		nos.*	as amended (together	r with any statement) under Article 19	
		nos.* 1-5	received by this Authority on	28.09.2005	
		nos.*	received by this Authority on		
	\boxtimes	the drawings:			
		sheets fig. 1-18		as originally filed/furnished	
			received by this Authority on		
			received by this Authority on		
		a sequence listing and/or any related table(s) – see Sup			
3.		The amendments have resulted in the cancellation of:			
		the description, pages			
		the claims, nos.			
		the drawings, sheets/figs			
		the sequence listing (specify):			
		any table(s) related to sequence listing (specify):			
4.		This report has been established as if (some of) the arthey have been considered to go beyond the disclosure			
		the description, pages			
		the claims, nos.			
		the drawings, sheets/figs			
		the sequence listing (specify):			
		any table(s) related to sequence listing (specify):			
*	If ite	em 4 applies, some or all of those sheets may be marked	"superseded."		

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.

PCT/JP2005/002867

The questions whether the claimed invention appears to be nevel, to involve an inventive step (to be non obvious), or to be industrially applicable have not been examined in respect of: the entire international application claims Nos. 2-10	Box No. II	I Non-establishment of opinio	n with regard to novelty, inventive step and industrial applicability			
claims Nos. 2—10 the said international application, or the said claims Nos. relate to the following subject matter which does not require an international preliminary examination (*greetfy*): the description, claims or drawings (*indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (*greetfy*): the claims, or said claims Nos. are so unclear that no meaningful opinion could be formed (*greetfy*): the claims, or said claims Nos. are so inadequately supported by the description that no meaningful opinion could be formed. are so inadequately supported by the description that no meaningful opinion could be formed. are international search report has been established for said claims Nos. 2—10 the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been farmished does not comply with the standard does not comply wit						
because: the said international application, or the said claims Nos. relate to the following subject matter which does not require an international preliminary examination (specify): the description, claims or drawings tindicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos. by the description that no meaningful opinion could be formed (specify): no international search report has been established for said claims Nos. the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the standard	Ш	the entire international application				
the said international application, or the said claims Nos. relate to the following subject matter which does not require an international preliminary examination (specify): the description, claims or drawings (indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify): the claims, or said claims Nos. by the description that no meaningful opinion could be formed. no international search report has been established for said claims Nos. Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the standard		claims Nos. 2-10				
the description, claims or drawings (indicate particular elements below) or said claims Nos. are so unclear that no meaningful opinion could be formed (specify); the claims, or said claims Nos. are so unclear that no meaningful opinion could be formed (specify); are so inadequately supported by the description that no meaningful opinion could be formed. no international search report has been established for said claims Nos. the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.	because	: :				
the claims or drawings (indicate particular elements below) or said claims Nos		the said international application, or th	e said claims Nos.			
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.		relate to the following subject matter w	hich does not require an international preliminary examination (<i>specify</i>):			
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the claims, or said claims Nos are so inadequately supported by the description that no meaningful opinion could be formed. In ointernational search report has been established for said claims Nos the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.		the description, claims or drawings (in	licate particular elements below) or said claims Nos.			
by the description that no meaningful opinion could be formed.			-			
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
by the description that no meaningful opinion could be formed.						
the nucleotide and/or amino acid sequence listing does not comply with the standard provided for in Annex C of the Administrative Instructions in that: the written form has not been furnished does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
Instructions in that: the written form	\boxtimes	no international search report has been	established for said claims Nos. 2-10			
does not comply with the standard the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.						
the computer readable form has not been furnished does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.		the written form	has not been furnished			
does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.			does not comply with the standard			
does not comply with the standard the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.		the computer readel - f				
the tables related to the nucleotide and/or amino acid sequence listing, if in computer readable form only, do not comply with the technical requirements provided for in Annex C-bis of the Administrative Instructions.		the computer readable form	Ħ

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/JP2005/002867

Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement				
1.	Statement			
	Novelty (N)	Claims	1	YES
		Claims		NO
	Inventive step (IS)	Claims		YES
		Claims	1	NO
	Industrial applicability (IA)	Claims	_1	YES
		Claims		NO

2. Citations and explanations (Rule 70.7)

JP 2002-182582 A (NEC Corp.), 26 June 2002

The abovementioned document discloses a display device that can be wound up into a roll, and said display device comprises a linking mechanism for supporting the back surface of the display unit. Meanwhile, linking mechanisms that comprise at least two rails and a rail intersection part, which rotatably supports the aforementioned two rails at the center of the aforementioned two rails, are generally well known.

Such being the case, the invention set forth in claim 1 does not involve an inventive step.
